

NCAA STUDENT ATHLETE ELIGIBILITY

Introducing students how academic planning opens doors to college athletic opportunities!
FOR GRADES 4 & 5

This challenge introduces students to NCAA student-athlete eligibility and shows how academic planning starting in middle school opens doors to collegiate athletics across 400+ sports. Through interactive modules, students create personalized "NCAA Pathway Plans" while developing skills that benefit all students - whether pursuing athletics, academic scholarships, or any post-secondary path.

LEARN

16 core courses that unlock college athletics • Why a 2.3 GPA and 10/7 rule matter • How ANY sport can become a pathway to college

GAME PLAN

Build a personalized Pathway Plan that maps academic and athletic goals across all three NCAA divisions

ALL STUDENTS

Develop essential skills for high school success whether targeting athletics, academic scholarships, or any post-secondary path

Map a Path to College Athletics

Discover the academic roadmap that opens doors to collegiate sports. Learn the essential requirements and create a personalized pathway plan.

Character Champions Quest

Build the leadership, time management, and character skills that make successful student-athletes and future leaders.

Core Course Treasure Hunt

Navigate the specific academic requirements and learn how to balance academics with athletics for maximum success.

WHY TEACHERS LOVE THIS CHALLENGE
